

Sole sizes for booties

Pendragon size	length in cm
7	23.8
8	24.7
9	25.6
10	26.4
11	27.1

Note: For open-toed booties your foot comes nearly to the edge of the sole at the toes.

23.8 cm

Print out at "normal size" printing and stand on page to work out size, or measure the length of your foot and work out which size best suits you according to the chart.

Consult "standard size" video for further instructions.

Your printer should be set to "normal size" printing.
Check by comparing insole length above.
